Mr. Vermillion;

I want to take this opportunity to thank you for your instrumental role in assisting PCX in the qualification and certification in ANSI ESD 20.20-1999. Your help in assessing our operation, correcting the needed issues, and training our staff was the key to our organization passing the certification audit and the subsequent Certificate we just received.

I would be happy to recommend you and your company to anyone looking to obtain this valuable designation, as well as any other ESD service or training program you provide. I look forward to working with you in the future.

Sincerely,

Edward Dimmler
