Mr. Robert J. Vermillion, CPP
RMV Technology Group, LLC
P.O. Box 648, Clayton, CA. 94517

Dear Mr. Vermillion;

On behalf of California Polytechnic San Luis Obispo's Industrial Technology program, we would like to thank you for your ESD packaging seminar you held during our annual Poly Pack packaging symposium. Your extensive knowledge of ESD packaging and principles was extremely impressive and we very much benefited from your efforts. Your class provided realistic "hands-on" training for your participants and fits nicely into our "learn-by-doing" philosophy we have here at the University. Everyone that attended your course was very impressed by your depth of knowledge, excellent presentation and the demonstrations you set up. This course is definitely a must for anyone working with electronics components in the industry. We are very grateful to have people of your caliber involved in our program. Again, we would like to thank you for your outstanding service and invite you again to come back next year for our annual Poly Pack packaging symposium.

Yours truly,

Jason Kaltenbach
Lecturer of Electronics and Industrial Controls
Industrial Technology Department
